PROFILE

I am a dynamic, detail oriented front end web developer with an excellent track record building and leading teams to success. I love writing clean, easy to understand code and above all am a champion for accessibility on the internet. I have a deep curiosity for learning more about web development and am excited to make an impact on the way people's lives are affected by it.

TECHNICAL SKILLS

HTML

CSS

SASS

a11y

JavaScript

React

Jquery

REST API's

Firebase

Git

GitHub

EDUCATION

Juno College of Technology | 2020

Immersive Web Development Certificate
Accelerated JavaScript
Accelerated Web Development

Chang School of Continuing Education | 2015

Human Resource Management

PROJECTS

Hero Hunter | React | REST API | CSS

Look up your favorite Marvel superhero or villain and find out more information about them. Site created using the React.js library and was styled using CSS3.

[Project link](#)

Bottom Bin Cinema | jQuery | REST API | SASS

Random movie generator that helps you decide what to watch tonight. The caveat: all movies are rated 5/10 or lower! Built with paired programming and required excellent communication and team work. Used jQuery to access the Movie Database API, project styled with SASS.

[Project link](#)

M.K.G Mixer | ES6 JavaScript | SASS | HTML

A mixer with built in songs cut into snippets and assigned to buttons so you can make your own beats. Made using vanilla JavaScript and styled with SASS

EXPERIENCE

Head Chef

The Alpine Restaurant | 2018 - Present

- Directly developed cooks by gearing menu towards learning opportunities which resulted in close to 0% turnover of staff.
- Organized labour and menu costing system that ensured prime costs remained under 55%

District Manager

Rowe Farms | 2013 - 2018

- Progressed from assistant manager position at store level to an oversight role responsible for four locations with 10 million in yearly sales
- Responsible for training, developing and mentoring new managers to lead their teams and stores to success.
